Overall Conference Experience

Q5 - Overall how safe did you feel at the conference with social distancing/mask requirement/ etc.

Q3 - Would you like future rSICB conferences to have a poster presentation option?

Data source misconfigured for this visualization.

Data source misconfigured for this visualization.

Q2 - What parts of the conference went well that you would like to see continue next year?

What parts of the conference went well that you would like to see continue...

poster session and breakouts

Very nice location for the conference would like to see that continued in the future. I also liked the different breakout sessions and the focus on conservation work. I think this would be a cool area to expand on at future conferences

Zoo location, breakout sessions

zoo! 5 min talks were nice format

The breakouts went really well. I was originally skeptical about the posters but I think they also went really well.

Lunch quality, lunch trip to Zoo

Having it in the zoo was spectacular and made it much more than a typical conference.

Structure of each oral presentation group

I liked the break out session and loved being able to walk around the zoo and see some of the animals discussed at the conference with a new lens.

I liked the idea of breakout sessions

I enjoyed the poster session at the end

Smooth transition between oral presentations due to presentations uploaded before the conference.

chances for us to mingle and talk one on one!

All of it - it was really fantastic.

The flow of the lightning presentations went great!

I think the whole thing went really well! Good timing, good job staying on schedule, it was nice to have breaks and coffee!

The talk to break issue was great and made everything digestable. Also the break to see the zoo was very fun

Breakout sessions and posters were a nice addition

In-person conference; No registration/food fees :), single group

The breaks were well spaced and a good duration. It was nice to visit the zoo during lunch as well.

What parts of the conference went well that you would like to see continue...

I enjoyed the breakout sessions where there was a more open discussion

student presentations

breakout rooms, coffee breaks

Poster session

I think the poster session was an excellent idea.

Breakout room topics

Q6 - Any other comments you have for the conference organizers?

Any other comments you have for the conference organizers?

thank you for a great conference!

Thank you thank you thank you! This venue was a great idea and everything worked exceptionally well.

Fantastic job. Thanks again!

Thank you!

Overall fantastic job putting this together!

Zoo Atlanta was an awesome venue! Great job organizing!

Thanks!

you did a great job and it was a wonderful conference overall!!!!

THANK YOU!!!!

Fanstastic job!!!

Great job!

Overall I had a great time, thanks for a great conference.

Absolutely excellent venue!

Loved the conference and presentations. The zoo was a stunning venue and so glad Joe got to be a major part of the conference too.

Should this be billed as a regional SICB meeting rather than a DVM/biomechanics meeting? There were lots of non-vertebrate and non-biomechanics talks.

Great job!

Great job!

Great work!

No
